Current Clack

Well we are well underway on our fights and season, but we are still lacking a few key characters, so bring potential members with that drive and dedication to be part of CWP, thanks to Rod for our newest members (see above). Remember you are all part of the PR team in one fashion or another. Josh and Laramie have returned as Swing Shifters @ 25%, welcome back guys.

On another note we need a solid full time indoor practice site for the winter months. Much thanks to Charles and Lenda, but they are 50% Swing shifters and are generally there only half the time, they have gone above and beyond the call of duty to have the school open for us more than they are supposed to be present. CWP needs a full time spot for the freezing winter months, so hit the streets and see if we can get a place that CWP can practice in during the winter.

Remember we have the street scene competition, due by the beginning of March; they do need to be typed and if you can send them to me the better and we (senior officers) are pretty sure we know what the prize is (but we are not telling yet). Also, yes it is here we need your actor certifications in two weeks (Feb. 15). Have fun, keep in context and show what you have.

Now is the time to start saving your pennies for our upcoming seasons

we will start looking at Hotels for the shows we have listed in this newsletter and we will start collecting money for them in the near future. Remember our first show this season is in March so be ready because it will come by quick. With the exception of the March show you have at least five months notice for June and eight months for October so everyone in Castle Wall now should be going to the shows later in the season.

On that note I am very proud of all of those people that I work with in Castle Wall, starting with the senior leadership team without you I would truly be crazy, the CWP team leads if you did not do what you do we would be naked, and hurt and to all the members of Castle Wall without you we would not have a Castle Wall Productions ...so to all of you I give a huge and heartfelt Thank You and a rousing... HIP HIP HUZAH!

The Real History

Having started as the Poor Soldiers of Christ and the Temple of Solomon they were endorsed by the church in 1129. They grew in membership and in power and were known by their white tabards with red crosses, and were some of the best soldiers of the times. As the crusades ended so did the need for the Templars. In 1307 Friday 13th King Philip ordered arrests torture and death. Pope Clement V disbanded them in 1312. Thus the reason that Friday 13th is associated with bad luck.

From the Field

CWP goal is to put on the best show possible, the way we are able to do this is by the choices people make. Castle wall would not be anything if not for the people in it. CWP is appreciative of the choices you make to dedicate to CWP. You sign a contract and in doing so you have duties to perform. Show up equal to your status FT, SS (25 % 50% 75%), AUX, or EXT. Each member on a team and be a participant in that team. When you are called on the phone tree respond back and continue the loop. At practice time use that time to truly practice and get better in you acting and fighting. These are not choices these are duties based on your choice to join. When you do not fulfill your duties you leave others in compromised positions. Let us live up to the choice that we all made and put on a kick ass show and have fun while doing it.

From the Anvil

At this time I would like to thank everyone for all their help, and all the work they have done, and a special Thank You to the team members for trying to meet this month. I am sorry that it didn't happen. All should thank Ryan for the sanding job that he has done on the staffs which should be ready for staining and such by next meeting. Next month we will meet twice a month every other week hence forth on Saturday Times will be 2-5 PM (look at the calendar).

Tailors Bench

We are still looking for a permanent wardrobe and have not yet assigned anyone but have a few leads for a permanent solution.

-----CWP S.O.

Ring Time

The armor team has finished all but the Viking chain. We have started on the and helmets and you should start seeing armor at practices to be followed by helmets.

-----Judy Boren

Castle Custodians Closet

Well the props team has moved maybe an inch forward as from the last meet. With my past two meetings canceled due to either people not being able to show or a lack of interest, I've come to a conclusion. We need more volunteers, even if your only there for one meet, anything will help! We absolutely need to stain the wood props, build a few things and grab some new props! Please come by! All it takes is a call!

From the Herald's Horn

Once again we are actively looking at a web master, and may have found one, no further info on that. Get out there and Recruit new members!

Practice Pointers

Practice, practice, practice you must acquire good practice habits and work your full allotted time on your fights. You need to know these moves like you know how to walk. Repetition is the best way to remembering. Continue working on your moves over and over even when "you know them". The quicker you learn the basic moves the quicker you will be able to tweak your fight and be able to spot the things that need to change to make it the best.

Village Posts

The meeting this month focused on our Scheduling of specific events and disseminating info on events and shows. Today we celebrate birthdays for December and January. Happy Birthday Day! From here on out we should be on time.

And on our shows...

March 13, 14, 15.....OPUS

June 6, 7.....CMF

July 18, 19.....ECF

Oct 3, 4.....Sioux City

We will be having more shows but at this point that's what's on the calendar.

-----Veronica Medved

Leeches Ledger

We will be having our meetings after every other practice from here on out for the medical team, they should last only 30 minutes. We will be testing to keep people current and to see their knowledge base and work from there. We will be having some fun exercises for the team and the group as a whole the upcoming months. Our goal is to be prepared for the worst but expect the best.

-----Jessica Medved

The Wagons Wheel

We started laying out the interior of the box of the CWP truck. And have the first three panels worth started. Thanks to Keith and Badger for their assistance. We will continue next meeting and will be fixing the drivers side window too.

-----Eric Medved

Behind the Scenes

We have a new member for Support Team, and we are actively perusing additional new members. We will have a team meeting in March, more details to come. You the members of CWP need to actively recruit for the support team also (it will help in our set up and tear down and will be less of a burden).
